## **DETAILED ACTION**

### ***Response to Arguments***

1. Applicant's arguments, see pages 4-8 in the Appeal Brief, filed January 18, 2005, with respect to independent claims 1, 6, 7, 9, 10 and 12 have been fully considered and are persuasive. The rejection of these claims has been withdrawn.

### ***Allowable Subject Matter***

2. Claims 1, 3-10 and 12-20 are allowed.

3. The following is an examiner's statement of reasons for allowance: Applicant's arguments, see pages 4-8 in the Appeal Brief, filed January 18, 2005, with respect to independent claims 1, 6, 7, 9, 10 and 12 have been fully considered and are persuasive. That is, the cited art does not disclose the specific claim limitations of the recited elements, including a plurality of functional modules interconnected via a packet router, all of which are formed within a single integrated circuit. The rejection of these claims has been withdrawn. Claims 2, 4, 5, 8 and 13-20 depend upon and include additional limitations to one of the independent claims 1, 7 or 12, and therefore are also allowed for the same reasons discussed above regarding claims 1, 7 and 12.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
